Santa Claus Picks Telegraph To Print Children's Letters

St. Nick Arranges For Publication Of Little Friends X-Mas Wants

After carefully looking over the field St. Nicholas, the patron saint of the youngsters, has again picked up The Evening Telegraph as his official publication in this vicinity and he has asked that the children who desire to make their wants known to him address their communications to "Santa Claus, % Evening Telegraph, Dixon, Ill."

Santa expects to be busier than ever this year and accordingly he has made a special request that the little folks get their letters to him as soon as possible—and he has found it necessary to set Saturday, Dec. 18, as the last day on which letters may be sent him. All of the letters will be published in the Telegraph and all Santa will have to do is to read them from this paper, thus saving himself the time and trouble of opening so many envelopes. Santa's only restriction is that all letters must reach the Telegraph before Saturday, Dec. 18—just one week before Christmas.

ROUMANIA READY TO JOIN ENTENTE ALLIES

Bucharest Correspondent Says Agreement Is Made.

Paris, Nov. 30.—There is good ground for announcing that events of the past two days have strongly increased the probability of early intervention by Roumania on behalf of the allies.

In confirmation of this information comes a dispatch from the Temps correspondent at Bucharest stating definitely that the government has decided to act, the only difference between Premier Bratianu and M. Jonescu and Pilipeaco being one of the date and method, which difference may be expected to disappear shortly.

A Petrograd telegram states that a Roumanian commission sent to Petrograd to arrange with the Russian government for the transportation of munitions and goods across Russia to Roumania has telegraphed to the Roumanian government that Russia has acceded all facilities.

Instruction has been given for the enlarging of Kola, a port where munitions will begin to arrive in great bulk at the end of December.

CITY OF STERLING REMITS S.D.E. FINE

COURT ACTION WAS TAKEN MERELY TO BRING UNDERSTANDING IN CASE

Sterling, Nov. 30.—Judge W. P. Palmer, the justice before whom was tried the City of Sterling vs. the S. D. & E. case was instructed by the council to remit the \$25 fine upon payment of the costs. This will doubtless be done as the city had nothing against the S. D. & E. and only wanted an understanding that it was not obeying the ordinances of the city of Sterling, while the action was brought against the superintendent, A. W. Courmyer, yet it is known to be the S. D. & E.

MASTER'S SALE

A Master-in-chancery sale of the farm belonging to the A. Kersten estate south of Ashton will be held at the premises on Wednesday afternoon at 1 o'clock. The sale will be conducted by Master-in-chancery, Mark Keller.

BRITISH AND FRENCH FROM DARDANELLES COULD BE USED ELSEWHERE IN BALKANS.

[Germany halted the report of the allies' purpose to abandon virtually the Dardanelles campaign as a great Teuton victory, while the allies' supporters professed to see in the move only a determination to push the Balkan campaign to the utmost. British troops on their way to Gallipoli were diverted to Saloniki. In the picture herewith 1 shows the "road" harbor at Lancashire landing, Dardanelles; 2, map which shows geographical relationship of the Dardanelles to the Balkans; 3, a French soldier in a trench at the Dardanelles, and 4, Flight Commander Sanson, British, who has made many successful flights against the Turks.]

MANY INDICTMENTS FOR LABOR GRAFTING

GRAND JURY CHARGES BLACK-MAIL EXTORTION SUM OF \$250,000

FIFTY TRUE BILLS ARE RETURNED

Chicago, Nov. 30.—Fifty indictments against officials of labor unions and state glass companies and against city inspectors were presented to the November grand jury for signatures.

The indictments will be returned before Chief Justice Richard E. Burke of the criminal court, and will mark the closing of one of the greatest labor conspiracies ever investigated in the city.

Included in the list of those indicted, according to State's Attorney Hoyne, are a score of officials of several labor organizations, including the glaziers, electrical workers and painters, city inspectors employed in the building and other departments, and the officials of at least two glass setting and manufacturing companies.

Tock \$250,000 Tribute.
It is said that the tribute levied by the glaziers' union on contractors for immunity from damage was nearly \$250,000. Hundreds of instances of vandalism, slugging affairs and arson are included in the evidence.

The indictments will charge the men with conspiracy, malicious mischief, arson, assault with intent to commit murder and extortion.

Ten Ordered Held for Murder.

A coroner's jury ordered that four men, now under arrest, be held on a charge of manslaughter, that the police search for and apprehend three other men on the same charge, and that three others, one of them under arrest and two others taken at the inquest, be held on a charge of accessory to manslaughter in connection with the killing of Michael Guskowski, the second murder victim since the garment workers' strike began.

SUPERVISORS MEET NEXT WEEK; FIGHT ON ROAD ASSURED

ACTION OF STATE COMMISSION ON HIGHWAY ROAD OPENS BIG QUESTION.

MANY FAVOR LINCOLN HIGHWAY

Some of Supervisors From South Part of County Are Against Road.

The board of supervisors will hold their regular December meeting next Monday at 2 p. m. All those having bills against the county are requested to file them with the county clerk by Saturday, thus giving him time to ascertain them before referring them to the various committees.

The meeting will doubtless be a busy one, as several matters are to come before them. The one which no doubt will cause the most discussion will be the selection of a piece of road on which to expend the other half of the state aid fund, the road from Har-

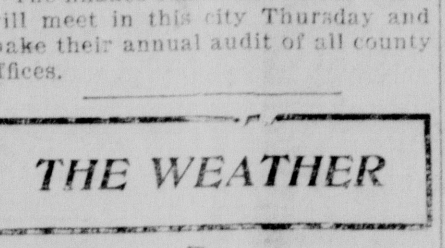

mon on which it had been voted at the September meeting of the board having been turned down by the State Highway commission as not being a road on which there was sufficient travel to expend the money, the road leading to this stretch of road being poorly kept up, and further that there were not very many farm houses along the road. The general feeling is that the money should be expended on the Lincoln highway, which is one of the most traveled thoroughfares in the county. The supervisors from the south and west end of the county do not feel as though the districts that they represent get any benefit by expending the money on a highway that traverses the north end of the county and hence are averse to voting to expend money on this road.

The grand jurors for the January term of circuit court will be selected by the board at this session and some matters in regard to aid in the construction of bridges will be brought up.

The finance committee of the board will meet in this city Thursday and make their annual audit of all county offices.

RE-OPEN AUDITORIUM OF BAPTIST CHURCH

REV. CLIFTON GRAY, EDITOR CHICAGO STANDARD, MAY MAKE ADDRESS

REDECORATION IS COMPLETE

Rev. Clifton, D. D., an eminent Baptist divine and editor of the Chicago Standard, has been invited to deliver an address at the first Baptist church Sunday, at the re-opening of the auditorium. It is generally believed by the committee in charge that Dr. Gray will accept the invitation for such an unusual occasion, and his answer is awaited with considerable interest.

The carpenters and decorators have completed their work, and a number of willing workers are busy cleaning the interior and they have everything in readiness for the re-opening Sunday.

The auditorium of the church has been closed for a month on account of its renovation, the members are anxious to resume the regular services after having the room beautified. A complete program for the Sunday services will appear later.

FIRE CHIEF INSPECTS BUILDINGS

Chief Coffey Made Tour of Business House—Issued Warnings.

Fire Chief Thomas Coffey today made an inspection of building occupied by stores, restaurants, hotels and factories. In nearly every instance the conditions were good and in only a few instances were proprietors careless about having waste paper and excelsior from unpacking boxes thrown in the basement. Just before Christmas season there is much light material around which is very inflammable and the chief in his trip today called attention to this matter.

I.C.C. DENIED A REHEARING

Turns Down Pleas of Shippers in Great Lakes Boat Cases.

(Associated Press)
Washington, Nov. 30.—The Interstate Commerce commission today denied the application of the shippers for a rehearing in the case involving the right of trunk railroads to continue their interest in and operation of steamships on the Great Lakes despite the prohibitive provision in the Panama Canal act. The railroads did not ask a rehearing and it is believed they will seek an injunction.

Charles R. Geisler transacted business in Ashton today.

Taxi-Cab Licenses Now Considered By City Commissioners

Proposition Of Assuming Control Of Rates Discussed By Council

The session of the city council was brief this morning and aside from allowing monthly bills nothing was taken up. The amount of the bills allowed was \$3,525.86.

After the meeting closed the members discussed the feasibility of passing an ordinance licensing hacks and taxi-cabs. With such an ordinance in effect the city would have some control of them as well as fixing a price on charges. There has been much complaint on the part of the public as to the service, but there have been so many lines operating that no one man feels that he can afford to put on a good line without having some protection. It is likely that some steps will be taken in the matter later on.

CANADIAN SEIZURE OF WHEAT FELT IN U. S.

Grain Held Up Is Said to Be for Italy.

Chicago, Nov. 30.—Seizure of 20,000,000 bushels of wheat of the Dominion by the Canadian government caused December wheat to open on the board of trade at \$1.06@1.05 sell at \$1.04 1/2 and rally to \$1.05 1/2, an advance of 2 cents over Saturday's close.

That the Canadian government's seizure of all high-grade wheat in elevators from Fort William, on Lake Superior, to the Atlantic coast will be followed by an extension of the government's control over wheat throughout Manitoba, Saskatchewan and Alberta to the Pacific coast is the belief of Chicago grain men.

The opinion was expressed by board of trade men that if the object of the Canadian government is to prevent or limit speculation it will not be necessary to extend control to the western elevators in Canada, which, outside of the Canadian Pacific and Grand Trunk elevators, are in the hands of the American companies.

Winnipeg, Man., Nov. 30.—It is semi-officially announced here that the government had taken the wheat seized Saturday for shipment to Italy. The price was \$1.04 1/2 per bushel.

The remains will arrive in Dixon on the 1:05 o'clock train tomorrow afternoon from Chicago and will be taken direct to his home at 510 Dixon avenue, services being held at 2 o'clock, Rev. Stoddard of the Baptist church officiating.

Bombard Positions
German positions along the Belgian coast from Zeebrugge to Ostend were bombarded for two hours this morning by a British squadron, according to an Amsterdam dispatch.

Amsterdam, Nov. 30.—A dispatch from Vienna says that rumors are current that the reorganization of the Austrian cabinet is imminent.

Rome, Nov. 30.—Austria is trying to conclude a separate peace with the allies. This statement is made by the Luserne correspondent of the Rome Tribuna, who declares he obtained it from the most reliable sources.

According to the Tribuna, Germany and Austria are at discord on the question of peace. Both governments desire it but Germany is seeking to obtain peace with certain ones of the allies, hoping thereby to be able to continue with England under less of a disadvantage to herself.

Austria on the other hand, it is stated, is aiming at a permanent peace with all the entente powers, which would relieve her from the tremendous strain now being placed upon her financial and military resources. Steps to this end are alleged to have been secretly taken by Austria during the first ten days of the present month.

"I am able to state on the highest authority," the correspondent of the Tribuna avers, "that Prince von Buelow's efforts to open peace negotiations with Russia at the Red Cross conference at Stockholm have failed."

Delegates Were Warned.
According to the original plan Prince Max of Saxony was to represent Germany, while the Grand Duke Michael, a relative of the Czar, was to be Russia's delegate. Suddenly Russia appointed as her representatives two plain citizens, Messrs Arhusoff and Marcaroff, who were empowered to discuss only technical questions.

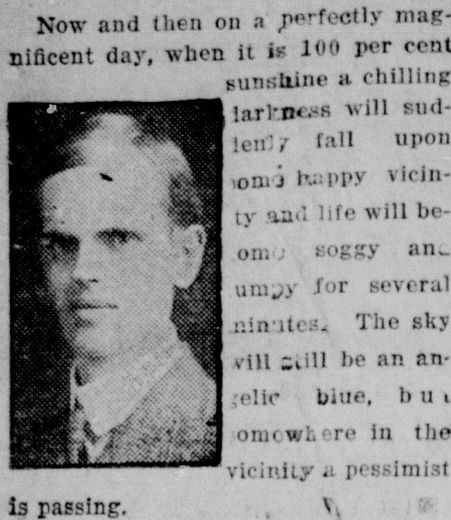

"Furthermore, Germany's efforts to induce Austria to send to Stockholm Count Andrássy or Count Apponyi also failed in spite of Austria's strong wish to conclude peace."

THE PESSIMIST

Now and then on a perfectly magnificent day, when it is 100 per cent sunshine a chilling darkness will suddenly fall upon one's happy vicinity and life will become soggy and unumpy for several minutes. The sky will still be an angelic blue, but somewhere in the vicinity a pessimist is passing.

A pessimist is a man with a mental stomachache. It is worse than the ordinary stomachache however, because it is contagious. A real, dark indigo pessimist will enter a crowd of cheerful, happy people, and in less than three minutes these people will be wondering how life can be endured under the uncertainty of not knowing whether or not business next week will be as bad as might easily be imagined.

A pessimist is a human opera glass. If you look at sorrow through a pessimist it will be magnified 1,000 diameters. It is also possible, by turning the pessimist inside out, to look at joy through his eyes. This reduces them to so small a size that they can easily be mistaken for microbes. A true pessimist can lay aside a telegram containing the news that his uncle has left him \$1,000,000 and can wonder

with tears in his eyes how he will be able to endure the worry of two automobiles with leaky tires.

A pessimist's faith hasn't anything but a reverse clutch. He can't believe that good luck will continue or that his children will grow up, or that times are going to be better, or that the world will dodge next year's comet, but pull the reverse lever and he is a wonder. He will believe anything that has a sob in the future. He can take the poorhouse hills, one hill to a leap. Tell him that good times will end tomorrow and that begging is to become a national pastime inside of six weeks and he would believe you if your first name was Ananias.

A pessimist is continually losing a game before it is begun, burying a child before it is born, engaging the undertaker before the doctor arrives, and losing his money before he has earned it. It was a farmer pessimist who harvested a bumper crop with gloom, because big crops were so hard on the land. But he wasn't a circumstance to the railroad president who views his balance sheet showing a 9 per cent dividend and \$3,000,000 surplus and wonders with hopeless sobs where the money is to come from when another box car is to be replaced.

Pessimists are not pleasant, but it would be a very easy thing to make them extremely useful. A pessimist could be fertilized and tied up somewhere and planted to mushrooms with great profit.

How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save \$2. Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 54 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2 1/2 ounces Pinex," and don't accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

HAIR AND SCALP NEED DAILY CARE

Beautiful Hair Is Within the Reach of All

If you value the appearance of your hair you should treat your scalp as often and well as you brush your teeth and rub into the scalp pores twice daily a little Parisian Sage. This treatment is not a mere "hair tonic." It is bottled nourishment for the hair roots and it is simply wonderful what an improvement its use for even a week will make in the appearance of anyone's hair. It never injures, is delightfully cool and pleasant to the scalp and takes out the dull, lifeless look in the hair, making it soft, fluffy, glossy and beautiful. Two or three applications remove every trace of dandruff, and daily use will prevent its return. Rowland Bros. and the leading druggists everywhere can furnish you with Parisian Sage—it costs but a trifle.

Invincible Ball

As always the Invincible charity ball of Monday evening was a decided success, socially and financially. Some sixty couples were present enjoying the dancing to the perfect dance music furnished by the Marquette orchestra, and the spectators' gallery was filled. The invincibles, when all expenses are settled, expect to have at least \$75 to add to their fund for charitable work among Dixon's needy for the winter.

The hall was handsomely decorated by Fallstrom. Baskets of winter greens and barberries crowned the pillars of the orchestra loft, while palms and ferns were banked between, and two vases of white chrysanthemums were placed near the center of the orchestra loft railing. The electric light throughout the room were graciously softened by shades of yellow crepe paper. The cozy corner arranged for the patronesses was made comfortable by wicker furniture and rugs loaned for the evening by the O. H. Martin and Keyes, Ahrens-Ogden companies.

The patronesses, Mrs. F. J. Rosbrook, Mrs. Theodore Fuller, Misses Squires and Ingraham, formed a charming group in their handsome gowns. Mrs. Rosbrook in a handsome white net creation, Mrs. Fuller in blue satin trimmed in silver, and Misses Squires and Ingraham both in pink chiffon and satin, with lace trimmings. There were handsome gowns, in fact, to be seen on every side. Among some of the other especially noteworthy ones were the gowns worn by Mrs. John Gould Raiston and her sister Mrs. Douglas Harvey. The former was gowned in blue and silver with fur trimmings and the latter in white brocade satin, with straps of rosebuds over the shoulders. Mrs. Richard Boynton had on one of the most strikingly handsome gowns, a light green chiffon, made with a very full skirt. A blue taffeta with lace worn by Mrs. John Crabtree was another beautiful one. But to enumerate all the charming costumes would be an endless task.

At 11 o'clock a supper was served by the Misses Cook, caterers. It was

a delicious little collation consisting of chicken salad, bread and butter sandwiches, coffee and olives.

Among those who were present for out of town were: Miss Isabel Hardie of Evanston; Mr. Stewart, Peoria; Miss Evans, Mt. Pleasant; Richard Canterbury Chicago; Miss Culter Frankfort Ky.

HOME TOWN.
Home Town is around the bend on the road to Yesterday. It is mellowed by memories and painted with sunshine. Among the inhabitants are the fat boy called "Skinney," pigtailed sweethearts who turn up their noses and run away, the preacher who asks after the health of every member of his flock by name, the school teacher, the gang, and grandma, and the dog. Roses bloom there in gardens behind fence palings along the street. Folks walk leisurely and speak to each other in passing. The church bells on a Sunday morn call youth and innocence to sit in a square pew with a door to it and eat peppermint drops and doze and sleep on the edge of a starched collar. It has a "deepo" to which go small boys to watch the trains roll up grandly and snort and pass on. It is usually summer there, although there are blustering days when the sleighbells jangle—"chink! chink! chink!"—and the sleighs pass with incredible swiftness, the small boys standing on the extended runners in the rear and riding off to glory. The seasons for doughnuts and marbles and pumpkin pie and kites and Christmas cookies and hoop rolling and Halloween and Valentine day and raisin bread and shinny are religiously observed.

Yes, Home Town is around the bend on the road to Yesterday. It is well and favorably known to most of those who live in cities and apartments. Home Town is a wonderful heartache.—Exchange.

A FAT PRIZE.
If there ever was on the face of the earth any country whose very wealth and helplessness invited attack from the envy, cupidity or hatred of other nations, this is the country. Never was there a situation in the world's history like it, and he who shuts his eyes to this danger is like the ostrich, who buries his head in the sand and thinks that no evil can happen to him because he cannot see his enemy.

Our policy, both in business and in foreign affairs, is making enemies rather than friends of practically every European nation.

In our neutrality we are antagonizing both sides to the quarrel, and neither side has cause for friendship for us.

In our foreign trade we are openly and aggressively taking the ground that now is the time to capture from neutral nations their commerce with the countries now at war and upon which the business life and the ability to employ the people of these warring nations depends.

They feel that we are stabbing them in the back while they are engaged in a death grapple, and neither the victor nor the vanquished will be friendly to us.

This war has demonstrated as nothing else in human history has done, that civilization has not reached the point where all men and all nations are controlled by the spirit of Christianity.—Manufacturers' Journal.

ARE WE WORLD HATED?
That the United States is the most generously hated nation in the world is the surprising opinion of Horace N. Allen, former minister to Korea from this country, expressed to the members of the Commerce club of Toledo. Part of this world hatred arises because of the efforts of the United States to preserve the integrity of Japan, a most astonishing utterance. The former diplomat believes in military preparedness and gives as one of his reasons that there is a prospect of Japan, whom we succored, joining with Russia and Germany, thereby founding a gigantic alliance to dominate the world. Millions have been spent, he says, in preparation for a dead war when the money should have been expended in preparation for a live war that seems inevitable.

It takes one's credulity to believe that former Minister Allen's diagnosis of conditions is sound, but it would be foolish not to consider it. Why we should be hated seems inexplicable, but the reason may be found in the historic expression of the old statesman when informed of the bitterness of feeling toward him on the part of a rival: "Does he hate me? Then he fears me!" But again rises the query why we should be feared, unless our magnificent experiment in democracy threatens thrones and empires. Reduced to a single conclusion and granting its existence, world hatred as described by Dr. Allen flourishes and lives only in palaces.—Cincinnati Enquirer.

PURITY
The ingredients of the food you eat and give your children should be pure and healthful beyond any question.
Various food officials and pure food experts have frequently endorsed Royal Baking Powder as being superior to all other similar preparations, and many of the great chemists of the world, including most of those of official position, have given like testimony.
No other article of food has ever received such emphatic commendation for purity, strength and wholesomeness, from the most eminent authorities, as Royal Baking Powder.
Because Royal Baking Powder adds only healthful qualities to the food is one of the reasons why it is always preferred by teachers of cookery and the medical profession.

GERMANY FEARS TALES ON FOOD

Energetic Action Taken to Halt Starvation Reports.

GIVES FOES ENCOURAGEMENT

Press Warned Officially as to What Line to Follow—Situation Grows More Serious—Retailers Rush for Pig Offered for Sale as People Rushed to California Gold Fields.

Amsterdam, Nov. 30.—The Telegraaf states on what it alleges to be good authority that serious rioting has taken place in front of the Imperial palace in Berlin. Several thousand women, according to the Telegraaf's report, gathered before the Kaiser's residence shouting, "Give us back our husbands," and "we want bread." The crowd was finally dispersed by the police. This demonstration is said to have occurred on November 20. There have been numerous rumors of rioting on this date in Berlin, but the censorship has been so strict that no details have got past the German frontier.

London, Nov. 30.—Energetic action is being taken by the German government to stop the reports of starvation which are emanating from that country.

Count Von Schwerin Loewitz, president of the Agricultural union, issued a proclamation urging the German population to abstain from complaints saying: "Complaining is useless and its only result is to rekindle the enemy's hopes of a final victory."

An official warning is printed by the Nord Deutsche Allgemeine Zeitung which says:

"The enemy's press is reproducing with zest and exaggeration articles from the German newspapers on the dearth of living which they have used to bring about the belief that Germany will soon be unable to continue the struggle. We think it is our duty to bring the facts to the knowledge of the German press that it may realize what line of conduct it should follow."

Says Government Should Act. Commenting upon the same situation the Vorwaerts says:

"The upshot of the matter is that there must be no more complaints in the press about the dearth of food stuffs. The government should set an example by ameliorating the situation in such a way that the people will not longer have cause for complaint."

The seriousness of the situation is evidenced by almost every paper. It is known that the efforts to designate days when no meats or fats shall be eaten have failed to produce the desired results, and the authorities are considering more rigid measures to conserve the quickly diminishing supplies. It is expected that the government will issue meat cards and that the national cattle census announced for Dec. 1 will include horses, goats, bullocks, cows, calves, sheep and pigs. The government announces that owing to the days when meat is under a ban the consumption has fallen off 30 per cent. Drastic measures have been taken. The residents of Dresden have not been allowed more than half a pound of butter margarine, lard, or a substitute per person. Butter cards for the week are distributed among restaurants and hotels which are supplied on a basis of 75 per cent of the quantity consumed in October. A municipal butter supply bureau has been opened to commandeer the entire available supply.

Many Merchants Fined.

Small items which appear in the German press reveal the situations in other towns. The bakers of Breslau have been heavily fined for violating the order forbidding the making of pastry cake of any description. The bakers claim that they only made honey cakes. Ten bakers of Bonnestein and Brunswick were fined \$200 for selling bread with bread cards. The Vorwaerts protests against the prices of beef, bacon and lard, and complains that it is impossible to buy butter in many parts of Berlin. A Social member of the Reichstag writes to the Vorwaerts as follows:

"The price fixed by the Bundesrat for the sale of pork is too high. Exorbitant prices are charged for less edible portions of the pig. An opportunity should be afforded to the poorer classes to buy the less valuable parts of meat at lower prices."

Rush for Pig Like Rush for Gold. The Tagblatt describes the market scenes in this wise:

No sooner does one wholesale butcher hang out half a pig than a crowd of retailers storm the shop and there is a violent struggle to see which shall first stamp the carcass as his own. The price is not discussed or the other conditions of the sale that comes afterwards at which scenes of unparalleled wrangling take place. It often happens that half a dozen butchers stamp the same carcass in their eagerness to gain possession of it and by doing so render the future disjuncting of the animal much easier. It puts one in mind of the wild scenes which were witnessed long ago in California in the frantic rushes to the gold fields.

OSTEOPATHIC INFORMATION

DR. L. R. TROWBRIDGE,
Osteopath,
102 Galena Ave., Dixon.

STOMACH "TROUBLE."

E. C.—I can see how osteopathy might help rheumatism and paralysis, but how can it do anything with stomach trouble or for other diseased organs?

First let me say you do not see how osteopathy helps rheumatism or paralysis. At least if you do you "see" more than osteopaths themselves sometimes "see." Rheumatism and paralysis are not materially helped by massage or hit and miss manipulation, which you evidently think osteopathy is. These two diseases are probably the most difficult and tedious which osteopaths are called upon to treat. Because they (in most cases) are the result of a long standing diseased condition of which the patient has no knowledge.

Osteopaths know that most cases of "stomach trouble" are caused by lesions (twists, strains and slight displacement of the spinal joints). Notice we do not say all cases. These lesions cause pressure on the soft wires or nerves running from your brain to your stomach as they pass through these joints. (All nerves going to the various organs of the body go by way

of the spine). Hence osteopaths treat (correct) the spine when treating most all diseases. After lesions; abuse is the most common cause of stomach "trouble." Removal of the causes is of course the secret of the cure.

MINISTERING TO MINDS DISEASED.

By L. on H. Gerdine, D. O.

The Still-Hildreth Osteopathic Sanatorium, established March, 1914, represents the first attempt at institutional treatment for mental diseases from the osteopathic standpoint. Heretofore patients with mental maladies had to be treated at their homes and since the most pronounced cases must be cared for in institutions, there was not much opportunity for the osteopathic physician to try out his theories.

Our experience of almost a year and a half, covering more than two hundred cases, abundantly justifies the principles, thus enabling us to state with more confidence the results of osteopathic treatment and compare it with other methods of treatments.

OBITUARY

MRS. ELIZABETH HOWE

Another of the few remaining pio-

ners has been called to the other side, Mrs. Elizabeth Howe, who for fifty years has lived in the vicinity of Ashton. For forty years she has lived in the house occupied by her son-in-law, Thomas Gilbert, and his family. During this time Mrs. Howe has lived a consistent Christian life as a member of the Methodist Episcopal church. Nov. 27th she was called to her Master. She was aged 84 years, seven years of which she passed in total blindness. Her dying testimony to her daughter, Mrs. Thomas Gilbert, was an unusual and exceedingly beautiful quotation from Revelations 7:14—"Who are there. There are they which came out of great tribulation and have washed their robes in the blood of the Lamb," and the positive testimony, "I'll be there."

Mrs. Howe reared three children, Addie, John, and Samuel. The last named son was at one time county superintendent of schools and is now a resident of Chicago.

It may be said of this life as truly as the Master once said to Mary, "She hath done what she could."

One by one the pioneers are passing, but it is hoped, are leaving the imprint of their rugged Christian lives on the on-coming generations. —A Friend.

Henry W. Myers

Myers of Marshalltown, Ia.; Mrs. Leggett of Dixon, Ill. and Mrs. Coy of Bruce, Wis.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask for pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

CAMPBELL IS DOOMED BY JURY TO GALLOWS

"Chicken Joe" Convicted of Warden Allen's Wife's Murder.

Joliet, Ill., Nov. 30.—"Chicken Joe" Campbell has been declared guilty and must hang for the murder of Mrs. Odette M. Allen, wife of Edmund M. Allen, in the warden's quarters at the penitentiary.

The jury returned the verdict after forty-four hours of deliberation, at 9:17 a. m. Monday.

It is said the jury agreed on the first ballot as to Campbell's guilt, but disagreed on the penalty, three holding out for life imprisonment, which is his term now.

The murder of Mrs. Allen on June 20 shocked the state. Mrs. Allen, known and loved by all the charges of her husband, was brutally slain, her skull crushed with blows from a heavy alcohol jug or thermos bottle, and the room set afire to hide the crime. The very means the slayer took to hide the crime led to its discovery, as the incessant ringing of the fire alarm summoned scores of volunteer firemen and attaches of the penitentiary.

Campbell, Mrs. Allen's servant, was missing when the alarm of fire spread, and while the flames still were raging he was seen walking in the rear of the warden's home. All the servants in the warden's home were put through a grilling cross-examination and their stories checked up. Campbell was placed under arrest after several witnesses had given testimony contrary to his statements.

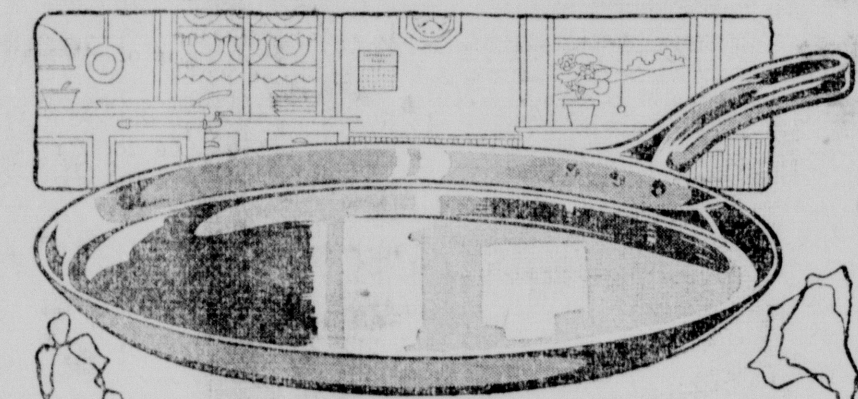

DR. HASELDEN SQUELCHED

Doctor's Bid for Additional Notoriety Cancelled in Name of Decency.

New York, Nov. 30.—"The Unborn," a drama upholding race suicide where a mentally or physically defective offspring is certain, and which was to have been publicly produced for the first time in the Princess theater, with Dr. Haiselden of Chicago as an added attraction, was ordered suppressed by License Commissioner Bell on complaint of Monsignor Lavelle of St. Patrick's cathedral, who spoke for Cardinal Farley.

Commissioner Bell made it his business to witness a rehearsal of the play. As a result he wrote a letter to T. R. Comstock, licensee of the Princess theater, telling him that the license department regarded "The Unborn" as "indecent, unhealthful, unclean and against public interest."

And They Want a Husband.
Moline, Ill., Nov. 30.—More than fifty women have written replies to the advertisement of T. D. Purcell, farmer, of Rio township, who is using the newspapers in his search for a wife. Purcell wants a "Christian woman who will be an old-fashioned wife."

FIGHTING AROUND MONASTIR

Conflicting Reports Sent Out from Serbian Capital as to Fate.

London, Nov. 30.—With the Serbs apparently driven out of the west central part of their country entirely and forced into Montenegro and Albania, dispatches indicate that the heaviest fighting is centering around Monastir in Southern Serbia.

The fate of Monastir is still obscure. The many contradictory reports on this subject vary from the assertion that the city is still in the hands of the Serbians to the claim that the Bulgarians, accompanied by detachments of Austrians and Germans, have occupied the city.

SUMMING UP THE EVIDENCE

MANY DIXON PEOPLE HAVE BEEN CALLED AS WITNESSES.

Week after week has been published the testimony of Dixon people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere, 30,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful convincing proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Dixon case. W. H. Gillespie, 711 Nachusa ave., Dixon, says: My back often gets so lame and sore that it is painful for me to stoop over. I have headaches and dizzy spells; whenever any of these attacks come on, I use Doan's Kidney Pills, and they promptly remove the pain in my back and relieve the headaches and dizzy spells. Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Edons had. Foster-Milburn Co., Props., Buffalo, N. Y.

BEST MINNESOTA BARGAIN.

About 625 acres of the best land in this state as smooth as a floor and cut on the north by good river (full of fish), and cut on the south by big ditch, just completed, and this ditch is about eight feet deep and shows the best of good yellow clay clear to the bottom. The top soil is the best black sandy loam to be found in Minnesota. The water is pure, and never-falling well on the place, which is occupied by tenant. This farm is as smooth as the best of the Red River Valley it should not be confused with same, as this is near the highest point of land in the state.

There is fair house and also other buildings with some fenced in pasture and also some field in crop, and all the land desired for crop can be broken with tractor and as this is new land one crop of flax will pay for it at the bargain price of \$25 per acre.

Five thousand dollars cash will handle the deal and it is near direct line to Duluth, which is the best market in the Northwest.

The Tanis, a Liverpool steamer, of 3,655 tons, which was built in 1913, was the most important of the three latest victims of submarines. It plied between Liverpool and Alexandria, Egypt.
